

ALL VENDORS

"CQLX the operators of Gracemere saleyards have advised that effective immediately the following NVD documentation applies to all cattle selling through Gracemere Saleyards;

A Separate NVD is required for each nominated vendor & if a vendor splits their draft between agents a separate NVD is required for each agent's draft"

This means that

1. a **separate NVD is required for each family member who is selling on their own account**, regardless if the bulls come from the same property.
2. if a vendor **splits their draft between 3 agents 3 NVD's** will be required, 2 agents 2NVD's etc.

Should vendors require further clarification please contact their nominated agent."
